

## Metropolitan United Church Digital Archives

The Digital Archives have been set up as a separate website to house the streamed services, which are now a regular part of our ministry, and YouTube videos of performances and other related content.

The most recent service, in its entirety, is on the home page, and our last three services are available on the “Previous Services” page.

Additionally, there are musical performances from our many ensembles and church groups, as well as Heritage Minutes and archive audio sermons from previous ministers.

New content is being added all the time, so please visit this site to see what is happening at Metropolitan United Church in London, Ontario!

Please click the logo below to go to the Home Page  
or go directly to a section of the website using the links below.
